ANESTHESIA

A vacancy exists for an anesthetist with FRCPC or eligibility for same, to join the academic staff of Memorial University of Newfoundland, Faculty of Medicine. The successful candidate must be eligible for licensure in Nfld. Clinical responsibilities would be primarily at the General Hospital - Health Sciences Centre, which is the adult tertiary care centre for the province of Newfoundland & Labrador. The Hospital has a well developed multi-disciplinary Intensive Care Unit and a Pain Clinic in which the Discipline of Anesthesia has a high profile. The Discipline of Anesthesia has a major interest in the University's newly established hyperbaric facility, which consists of a four-chamber diving complex (including a vertical wet chamber) rated at 1,000 feet of seawater depth and capable of mixed gas saturation diving as well as hyperbaric oxygen therapy. An interest in research is essential; a special interest in hyperbaric medicine would be an advantage. In accordance with Canadian Immigration requirements, this advertisement is directed to Canadian Citizens and permanent residents of Canada. Write for further information to:
