

**OBSTETRIC ANESTHESIA FELLOWSHIP
ST. JOSEPH'S HEALTH CENTRE
UNIVERSITY OF WESTERN ONTARIO**

The Department of Anesthesia at St. Joseph's Health Centre in London, Ontario is offering 6-12 month fellowships in Obstetric Anesthesia for the academic year beginning July 1st, 2000. We are the tertiary, high-risk referral centre for Southwestern Ontario with approximately 4200 deliveries per year. As well as a wealth of clinical experience, there are opportunities to participate in both clinical research and basic science projects in the affiliated Lawson Research Institute.

Interested applicants should direct enquires to:

Mary Lampe, MD, FRCPC
Director, Postgraduate Fellowship Program
Department of Anesthesia
London Health Sciences Centre
University Campus

**ANAESTHETIST
CAMBRIDGE, ONTARIO**

Our growing community with a population of over 100,000 is seeking the services of a Canadian certified, Ontario licensed Anaesthetist. The successful applicant will join our accredited community hospital that offers both inpatient and outpatient peri-operative services.

Cambridge is in the heart of Southwestern Ontario, within a one-hour drive of Toronto, London and Hamilton. The city of Cambridge provides a high standard of living, including excellent social, recreational and educational facilities.

Presently, Cambridge Memorial Hospital provides elective, urgent, and emergent surgical services linked to a 24 hour Emergency Department. Specialties in elective/emergent cases include: Obstetrics/Gynecology, ENT, Orthopaedics, Urology, Plastics, General Surgery and Ophthalmology. The Surgical Services Program includes a Pre-operative Assessment Clinic and availability for pain clinic work.

Candidates are expected to participate in the on-call schedule for the group. The position is open February 1st, 2000.

Please reply as soon as possible in writing or by fax, enclosing your curriculum vitae, to:

Kathy Tschirhart, Program Manager
Surgical Services
Cambridge Memorial Hospital
700 Coronation Blvd.
Cambridge, ON N1R 3G2

Come care with us

Anaesthesiologist

The Cape Breton Healthcare Complex requires the services of a full time Anaesthesiologist

Health Care Leader

The Complex is a progressive health care leader which serves a catchment population of 150,000 people. It operates a regional hospital, three community hospitals, a comprehensive cancer centre, a rehabilitation centre and several long term care facilities.

Within the complex there are a total of 500 beds, with 315 beds located at the Cape Breton Regional Hospital, in Sydney. The remainder are located in our community hospitals, which are located within a 15 mile radius of the Regional Hospital.

Our community hospitals provide day and ambulatory surgery, with the Regional Hospital providing inpatient surgery. Seven operating rooms function daily and the surgical workload includes all types of surgery with the exception of open heart surgery. Within the Complex, major surgeries total 15,000, with 9,000 performed at the Regional site.

The candidate must be certified by the Royal College of Physicians and Surgeons of Canada. This position is paid on a fee for service basis, with minimum guaranteed income.

For information contact:

Dr. M. A. Naqvi, Medical Director
Cape Breton Healthcare Complex
1482 George Street
Sydney, Nova Scotia B1P 1P3

**YORK
COUNTY
HOSPITAL**

YORK COUNTY HOSPITAL

is a 292-bed full-service hospital located 30 minutes north of Toronto, serving a mixed urban and rural immediate catchment area of approx. 200,000 people in northern York and southern Simcoe Regions.

To support our growing community, we currently require:

ANESTHESIOLOGISTS with interest/expertise in adult, paediatric and obstetrical anesthesia, acute pain management and critical care. An interest in cardiac anesthesiology would be an asset.

All candidates will be certified by the Royal College of Physicians and Surgeons of Canada and be licensed to practice medicine in Ontario.

Support by a medical staff of over 100 specialists and 120 family physicians, York County Hospital has been designated a **Comprehensive Regional Cardiac Centre** and a **Regional Level II Perinatal/Paediatrics Centre**. A full range of diagnostic and consultative services are available on-site including CT, MRI and Nuclear Medicine. Redevelopment plans are well underway for an approved \$103 million (approx. 100 bed) addition to the hospital and extensive renovations to existing facilities to be completed in 2002.

Interested physicians should direct their inquiries, along with a curriculum vitae, to:

Dr. L. Balogh, Chief of Staff
York County Hospital, 596 Davis Drive
Newmarket, Ontario L3Y 2P9
Tel: (905) 895-4521 ext. 2625; Fax: (905) 853-2220

We thank you for your interest; however, only those selected for an interview will be contacted.
