

Retraction: Analysis of Impact of Highly-Available Archetypes on Robotics

Haibo Zhu

Harbin University of Commerce, Harbin, China

haibo26@yahoo.cn

Several conference proceedings have been infiltrated by fake submissions generated by the SCIdgen computer program. Due to the fictional content the chapter “Analysis of Impact of Highly-Available Archetypes on Robotics” by “Haibo Zhu” has been retracted by the publisher. Measures are being taken to avoid similar breaches in the future.
