P.A. Stansly, S.E. Naranjo (eds.), *Bemisia*: Bionomics and Management of a Global Pest,
DOI 10.1007/978-90-481-2460-2, © Springer Science+Business Media B.V. 2010

DOI 10.1007/978-90-481-2460-2_19

The following chapters/sections need to have the following as copyright –
© US Government 2010:

- Section II – Biology and Ecology of *Bemisia tabaci* (p. 105)
- Chapter 6 – Population Dynamics, Demography, Dispersal and Spread of *Bemisia tabaci* (p. 185)
- Chapter 10 – Transmission Efficiency and Epidemiology of Criniviruses (p. 319)
- Chapter 11 – A Review of *Ipomoviruses* and Watermelon Vine Decline in Florida (p. 333)
- Chapter 16 – Ecological Determinants of *Bemisia tabaci* Resistance to Insecticides (p. 423)

The following chapters/sections need to have the following as copyright –
© Springer Science+Business Media B.V. 2010:

- Introduction
- Section I – Taxonomy, Molecular Systematics, and Gene Flow in the *Bemisia tabaci* Complex and *Bemisia* Relatives
- Section III – Biology and Epidemiology of *Bemisia*-Vectored Viruses
- Section IV – Management of *Bemisia* in Diverse Cropping Systems
- Section V – Prospects for the Application of Genomics
