

## ERRATUM

To Siegbert Schmidt and Werner Weiser, 'Semantic structures of one-step word problems involving multiplication or division', *Educational Studies in Mathematics* **28**: 55–72, 1995.

The publishers regret that on p. 67 (middle) there is a misprint that is very likely to detract the readers from an adequate comprehension: In the middle of the page there is a line starting with “(\*)”:

(\*) 2 Deutschmarks  $\times$  6 Deutschmarks.

This is *quite different* from that what should be expressed there.

The correct version is:

(\*) 2 Deutschmarks  $\xrightarrow{\times 6}$  12 Deutschmarks.
