

*ERRATUM***Creation-field theory from dimensional analysis**

Lord E A 1974 *Pramāna* 3 (No. 1) 35

In equation (2.8) of this work, a factor σ should occur on the right hand side, and in equation (2.9) there should be a factor σ^{-1} . Consequently, the factors e^c in (5.8) and subsequent equations should be absent. Because of this error, the conclusions of section 6 are wrong. The cosmological implications of the conformally-invariant two-scalar theory are still under investigation.
