Angelo B. Mingarelli

Volterra-Stieltjes Integral Equations and Generalized Ordinary Differential Expressions

Errata

- p.90: Proof of Theorem 2.3.1; delete the remark in parentheses “since $-y(t)$ is a solution” (comment: clearly this is not assumed; if $y(t) < 0$ in (2.3.11) define $g(t)$ by the negative of the right-side of (2.3.12))
- p.244, Statement of Theorem 5.2.2: Replace the word “precisely” by “contained in” (comment: as this is what is proved there).
