In the original publication, Theorem 3.5 was incorrectly published as:

Theorem 3.5 *Let $\mathcal{X} = \{x_1, x_2, x_3\}$ be the design region. For $i, j \in \{1, 2, 3\}, i \neq j$, let $d_{ij} = Q(\beta_0 + \beta_1 x_i)$ and $l \in \{1, 2, 3\} \setminus \{i, j\}$.*

The correct theorem should read as:

Theorem 3.5 *Let $\mathcal{X} = \{x_1, x_2, x_3\}$ be the design region. For $i, j \in \{1, 2, 3\}, i \neq j$, let $d_{ij} = Q(\beta_0 + \beta_1 x_i) Q(\beta_0 + \beta_1 x_j) (x_j - x_i)^2$ and $l \in \{1, 2, 3\} \setminus \{i, j\}$.*

Unfortunately, this error was not noticed during the subsequent stages of publication. The publisher regrets for this mistake.
