Erratum to: Osteoporos Int

DOI 10.1007/s00198-015-3196-9

The last sentence of the abstract, repeated as the last sentence of the full text, was misleadingly worded. The correct sentence is as follows:

A number of clinical risk factors and a prior fracture, rheumatoid arthritis, femoral neck T-score, and falls were independently associated with an increased incidence of fractures.

The authors apologize for this error and for any inconvenience caused.
