The original version of this article unfortunately contained an error in title. The etymology of species name was incorrect based on The International Code of Nomenclature of Prokaryotes. The correct epithet is *refrigeratoris* (re.fri.ge.ra.to'ris. N.L. gen. n. *refrigeratoris* of a refrigerator, from which the type strain was isolated). The correct title is “*Acinetobacter refrigeratoris* sp. nov., Isolated from a Domestic Refrigerator”. In the species description, the deposition numbers of type strain in different Culture collection center are the same as the original paper.
