The original publication of the article unfortunately contained an error in one of the labelled circles which incorrectly indicates “Ssk1” instead of “Ssk2” in Fig. 3. The correct figure is given below:

Fig. 3 The core MAP kinase and cAMP/PKA pathways examined in entomopathogenic fungi. Protein products highlighted in *red glow* indicate corresponding genes that have been examined in either *Beauveria* and/or *Metarhizium* via targeted gene knockout
