The name of the new species *Nymphon nakamurai* described in the paper entitled “Pycnogonida from the

Bellingshausen and Amundsen Seas: taxonomy and biodiversity” (DOI: [10.1007/s00300-014-1585-8](https://doi.org/10.1007/s00300-014-1585-8)) was already held by a pycnogonid species described by Stock (1994). Therefore, *Nymphon nakamurai* is an invalid name for this new species, and the correct name is *Nymphon koichiroi*.

The online version of the original article can be found under doi:[10.1007/s00300-014-1585-8](https://doi.org/10.1007/s00300-014-1585-8).
