ERRATUM

Erratum to: Force–velocity relationship of leg extensors obtained from loaded and unloaded vertical jumps

Ivan Cuk · Milos Markovic · Aleksandar Nedeljkovic · Dusan Ugarkovic · Milos Kukolj · Slobodan Jaric

Erratum to: Eur J Appl Physiol (2014) 114:1703–1714 DOI 10.1007/s00421-014-2901-2

The author would like to correct the following error in the publication of the original article:

The data regarding the slope of linear force–velocity regressions shown in 3rd panel of Fig. 4 are accidently switched for the maximum (MAX) and averaged (AVG) force and velocity values. However, the same data shown in Table 1 (Session 4) is correct. The exact Fig. 4 is shown here to avoid any possible misunderstanding for readers. This correction does not change the conclusions derived from the data.

Fig. 4 Results obtained from linear *F–V* regressions calculated for three jump and two variable types (maximum and averaged; data averaged across the subjects with SE *error bars*). The individual data sets show force intercepts (F_0; panel **a**), velocity intercepts (V_0; panel **b**), regression slopes ($a = F_0/V_0$); panel **c**, and maximum power output [$P_{max} = (F_0 \cdot V_0)/4$; panel **d**]
