The corresponding author of the article would like to include reviewers name in the acknowledgment section. The correct acknowledgment is given below.

Acknowledgments We thank Pekka Simelius (for help with the sample preparation), Mirja Saarinen (for help with the heavy liquid separation), Satu Lukkari (for help with the BSE imaging), Helena Korkka (for preparation of some of the thin sections), Asko Käpyaho (for help with drill core sample collecting) and Aku Heinonen (comments and discussion to the earlier draft of this article). This work was funded by the Finnish Graduate School of Geology. Erkki Luukkonen

and the Eastern Finland Office of the Geological Survey of Finland are acknowledged for providing resources for the field and laboratory work. The Nordsim facility is financed and operated under an agreement between the research councils of Denmark, Norway and Sweden, the Geological Survey of Finland and the Swedish Museum of Natural History. This is Nordsim contribution no. 448. The staff of the Nordsim laboratory, Martin Whitehouse, Kerstin Lindén and Lev Ilyinsky, and the staff of the Isotope laboratory of the Geological Survey of Finland, Hugh O'Brien, Yann Lahaye and Leena Järvinen, are thanked for the sample preparation and technical assistance. Tom Andersen is acknowledged for providing program to handle the LAMC-ICPMS data. Comments from reviewers Stefan Claesson and Mike Fowler and editorial work by Victoria Pease are highly appreciated.
