Erratum to: Computing 78:81–99 (2006) DOI 10.1007/s00607-006-0172-4

In the original publication, the fourth integral $I_{4,r} = \int_0^3 \sin(1/(10^{-3} + (1-x)^2)^r) dx$ in Table 1 in Sect. 5 has been published incorrectly.

The correct integral should read as $I_{4,r} = \int_0^3 \sin(1/(10^{-3} + ((1-x)^2)^r)) dx$.

The online version of the original article can be found under doi:[10.1007/s00607-006-0172-4](https://doi.org/10.1007/s00607-006-0172-4).
