Correction to: Protoplasma

<https://doi.org/10.1007/s00709-018-01331-5>

The original version of this article unfortunately contains a mistake. Page 8, paragraph 1 in the left column (4th paragraph of Discussion): the sentence “a similar gap can only exceptionally be assumed for a cell type that constitutes early globular stage embryos in the case of *Arabidopsis thaliana* (Scheres et al. 1995, Yoshida et al. 2014)” should be “a similar gap can only exceptionally be assumed for a cell type that constitutes 8-cell stage embryos in the case of *Arabidopsis thaliana* (Yoshida et al. 2014)”.

Publisher’s Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
