Retraction Note: Mol. Cells 22 (2006) 323-327

Members of the editorial board have unanimously agreed to retract the article [Mol. Cells 22 (2006) 323-327] for extensively plagiarizing from two other articles published in PLoS Biol. 2 (2004) e312, and in Heredity 97 (2006) 254-255. Molecules and Cells strictly prohibits plagiarism which in the case of scientific publications refers to the act of presenting a study and/or idea as one's own and failing to specify or disclose appropriate sources.
