The original published version of this article contained an error.

In the Table 1, the erroneous decade "20210s" should be "2010s". The corrected Table 1 is shown as follow:

Table 1 Thematic issues (challenges) in modern rheumatology by decade

Decade	Theme
1950s	Introduction of glucocorticoids
1960s	Establishment, development, and growth of rheumatology training programs
1970s	Immunology and modern science come to rheumatology
1980s	The silicone breast implant saga—"science on trial"
1990s	Documenting the value of subspecialty care and subspecialists (outcomes)
2000s	Quality of care and safe care
2010s	Cost of care; medical "waste"
2020s	Social justice
