Correction to: Ocean Dynamics

<https://doi.org/10.1007/s10236-021-01446-z>

The original version of this article unfortunately contained a mistake. The presentation of Table 1 was incorrect. The corrected table is given below.

In addition, reference Fewings (2016) should read Fewings (2017) and below is the full bibliographic information.

Fewings MR (2017) Large-scale structure in wind forcing over the California Current System in summer. *Mon Weather Rev* 145: 4227–4247. <https://doi.org/10.1175/MWR-D-17-0106.1>

Table 1 Definitions of representative values for each wind type using the admittance

<i>State</i>	<i>Magnitude of the admittance</i>	<i>Phase of the admittance</i>
Relaxation	$ \alpha_k < 0.7$	All values
Equatorward	$ \alpha_k \geq 0.7$	$-\frac{1}{4}\pi \leq \theta < \frac{1}{4}\pi$
Offshore	$ \alpha_k \geq 0.7$	$-\frac{3}{4}\pi \leq \theta < -\frac{1}{4}\pi$
Onshore	$ \alpha_k \geq 0.7$	$\frac{1}{4}\pi \leq \theta < \frac{3}{4}\pi$
Poleward	$ \alpha_k \geq 0.7$	$\theta < -\frac{3}{4}\pi$ and $\theta \geq \frac{3}{4}\pi$

The original article has been corrected.
