This erratum is to correct the following mistakes in reference citations.

(1) The reference number 21 (de Michele F., J. Poels, L. Weerens, C. Petit, Z. Evrard, J. Ambroise, D. Gruson and C. Wynn. Preserved seminiferous tubule integrity with spermatogonial survival and induction of Sertoli and Leydig cell maturation after long-term organotypic culture of prepubertal human testicular tissue. *Hum Reprod* 32:32–45, 2017) was introduced by mistake. For this reason, all citations for reference

21 in the text should be replaced by the following reference: Poels J., G. Abou-Ghannam, A. Decamps, M. Leyman, A. D. Rieux and C. Wynn. Transplantation of testicular tissue in alginate hydrogel loaded with VEGF nanoparticles improves spermatogonial recovery. *J Control Release* 234:79–89, 2016.

(2) In Table 2, the reference for Poels *et al.* is not appropriate and should be replaced by the following reference: Poels J., G. Abou-Ghannam, A. Decamps, M. Leyman, A. D. Rieux and C. Wynn. Transplantation of testicular tissue in alginate hydrogel loaded with VEGF nanoparticles improves spermatogonial recovery. *J Control Release* 234:79–89, 2016.
