Erratum to: Climatic Change (2011) 109 (Suppl 1):S229–S249 DOI 10.1007/s10584-011-0308-1

In Tables 5 and 6, figures are in billions of dollars, not millions as stated in the caption. In Figure 5, several of the numeric labels are incorrect. The reader should refer to Table 5 for the correct values. Furthermore, some of the figures in Table 6 were incorrect. Please refer to the corrected Table 6 below.

Table 6 Value of buildings and contents at risk from a 100-year flood after a 1.4 m sea-level rise, by economic sector (billions of year-2000 dollars)

Sector	Current Risk	Risk + 1.4 m SLR	% of Total Value at Risk in Future
Residential	33	58	59%
Commercial	11	27	27%
Industrial	4.9	11.0	11%
Religion	0.47	1.00	1.0%
Government	0.32	0.86	0.9%
Education	0.42	0.85	0.9%
Agriculture	0.25	0.42	0.4%
Total	51	99	100%
