The third sentence of the second paragraph of section 3.2 should read (correction in bold):

The resulting estimated effect of **seasonal variation in temperature** was tiny,  
 $\hat{\beta} = 4.63 \times 10^{-4}$ ,  $p = .881$ , 95 % CI [-0.006, 0.007].

Furthermore, Tables 2, 3 and 4 in the [Electronic Supplementary Material \(ESM\)](#) were numbered incorrectly. The corrected ESM is included with the online version of this Erratum.
