Erratum to: Data Min Knowl Disc DOI 10.1007/s10618-014-0350-5

In the original publication of the article, the following errors have been missed by the authors:

1. The author, Dr. Emmanuel Müller is affiliated with two universities: Karlsruhe Institute of Technology (KIT), Karlsruhe, Germany and University of Antwerp, Antwerp, Belgium.
2. The authors would like to extend the discussion of repeatability in the experiment section (p. 19). Before they stated: “For research purposes we provide the code of IPD on our website.” now they would like to extend this to “For comparability and
