Erratum to: Dig Dis Sci (2005) 50:24–26
DOI: 10.1007/s10620-005-1272-2

Figure 1 of the above cited article was republished from the article “Ultrasonography in the diagnosis and monitoring of ascites in acute abdominal attacks of hereditary angioneurotic oedema”, (*European Journal of Gastroenterology & Hepatology* 2001 13(10):1225–1230), cited as reference 13. We were recently informed that permission had not been granted for use of this figure in our publication.

This erratum is to certify that the publisher, Wolters Kluwer, has kindly granted retrospective permission for the publication of their figure in our *Digestive Diseases and Sciences* publication.

The online version of the original article can be found under doi:[10.1007/s10620-005-1272-2](https://doi.org/10.1007/s10620-005-1272-2).
