Erratum to: Geotech Geol Eng DOI 10.1007/s10706-015-9868-6

In the original publication, there are some errors and these have been corrected with this erratum.

1. In the first page of the paper, under the list of symbols, c_{rm} Cohesion of rock (kPa) should be replaced with c_{rm} Cohesion of rock mass (MPa).
2. Under the heading 3 Stress Distribution in an Isolated Stope, in fourth paragraph, second line, “Li and Aubertin (2009a)” should be replaced by “Li and Aubertin (2009b)”.
3. In Eq. 1: x should be replaced by $|x|$ in the sixth paragraph of Stress Distribution in an Isolated Stope.
4. Caption of Fig. 19: (and strength parameters, c_r , ϕ_r) should be changed to (and strength parameters, c_{rm} , ϕ_{rm}).
5. In the reference section, Falaknaz (2014) should be replaced with Falaknaz (2014) Analysis of the geomechanical behavior of two adjacent back-filled stopes based on two and three dimensional numerical analysis. PhD thesis, Polytechnique Montreal.
