<https://doi.org/10.1007/s10763-017-9816-4>

This correction stands to correct the reference found in the reference list of the closing paper above. The editors and authors of the respective work would like to bring to attention that where the authors cited:

van der Wal, N. J., Bakker, A. & Drijvers, P. (2017). Which Techno-mathematical Literacies are essential STEM skills for engineers of the future? *International Journal of Science and Mathematics Education*.

The author should have instead cited the reference as:
