### Erratum to: J Sol-Gel Sci Technol DOI 10.1007/s10971-016-4299-2

Unfortunately, there were errors in the original publication of the article. The corrected text has been presented with this erratum.

In the section titled, “Synthesis of CdSe:Zn/CdS core-shell NPs”, the last sentence should read, “Then the dried NPs were crushed as fine particles using agate mortar

for further characterizations like XRD, UV-vis absorption, photoluminescence, HRTEM and FTIR studies. Figure 1 shows the formation of CdSe:Zn/CdS core-shell NPs.”

In Fig. 5, the legend in x-axis has been misspelled as Wavelength instead of Wavelength.

These have been corrected in the original version of the article.

---

The online version of the original article can be found under doi:  
[10.1007/s10971-016-4299-2](https://doi.org/10.1007/s10971-016-4299-2).
