The second part of the statement in Proposition 9 of the original publication was incorrect. It should read as follows:

(ii) If $\xi(t) = (\xi^u(t), \xi^s(t))^T$ is a fixed point of \mathcal{T}_{x^s} for some $x^s \in \mathbb{R}^{d^s}$ and $\|\xi\|_\infty \leq r^*$, where r^* satisfies (12), then $\xi(t)$ is a solution of (8) with $\xi^s(0) = x^s$ and $\lim_{t \rightarrow \infty} \xi(t) = 0$.
