**Erratum to: Water Resour Manage**  
**DOI 10.1007/s11269-016-1363-1**

Due to an oversight, Eqs. (2a) and (2b) were incorrectly captured in the original publication. The correct presentation for both equations are shown below.

$$\frac{\ell_T}{L} = \frac{\ell_w}{L} \quad \text{for } 0 \leq q_r \leq q_r^{\max} \quad (2a)$$

$$\frac{\ell_T}{L} = \frac{\ell_{\text{div}}}{L} = \frac{1}{rL}q_r + \frac{\ell_w}{L} \quad \text{for } q_r^{\min} < q_r \leq 0 \quad (2b)$$

---
