Erratum to: Acta Geotechnica DOI 10.1007/s11440-016-0485-1

The original article was published with the following errors:

In Eq. (19), the semicolon has been included by mistake. The correct equation is given below:

$$dp'_c = \frac{p'_c}{\lambda^* - \kappa^*} d\varepsilon_v^p = \frac{p'_c}{\lambda^* - \kappa^*} \frac{\partial g}{\partial p'} d\zeta \quad (19)$$

In Eqs. (32) and (33), parentheses were missed. The correct equations are given below:

$$\bar{f}_d^A = \xi \left(\frac{M^2 - \eta^2(1-k)}{M^2} \right)^{k/(2-2k)} \quad (32)$$

$$\bar{f}_d^A = \left(\frac{M}{\eta} \right)^{1/(1-\beta-\kappa^*(1-\beta)/\lambda^*)} \quad (33)$$

Finally, the notations ‘OC-50 kPa⁻¹’, ‘OC-50 kPa⁻²’, ‘OC-50 kPa⁻³’, ‘OC-50 kPa⁻⁴’ are incorrect in the entire article. The correct notations are given below:

‘OC-50kPa-1’, ‘OC-50kPa-2’, ‘OC-50kPa-3’, ‘OC-50kPa-4’

The original article has been updated accordingly.

The online version of the original article can be found under doi:[10.1007/s11440-016-0485-1](https://doi.org/10.1007/s11440-016-0485-1).
