**Correction to: In Vitro Cellular & Developmental Biology - Animal**  
<https://doi.org/10.1007/s11626-020-00438-5>

This article was originally published with the final word of the title, “field”, omitted.

Also, the final sentence of the article was rendered incorrectly as “Each cell line established here has already been adapted to a commercial medium, Grace’s insect medium, Supplemented” “Grace’s insect medium, Supplemented” is the commercial name of this medium. (Thermo Fisher Scientific), and all six cell lines will be distributed from the Genebank Project, NARO (<https://www.gene.affrc.go.jp/distribution.php>).”

The original article has been corrected.
