Erratum to: J. Phase Equilib. Diffus. (2016) 37:532–539 DOI 10.1007/s11669- 016-0468-9

On page 538, the name of the solid solution on the lower left quarter of Fig. 10, $\text{Al}_{1.65}\text{Si}_{23.43}\text{O}_{38}$, is incorrect and should be $\text{Nd}_{1.65}\text{Al}_{23.43}\text{O}_{38}$. The correct Fig. 10 is presented below.

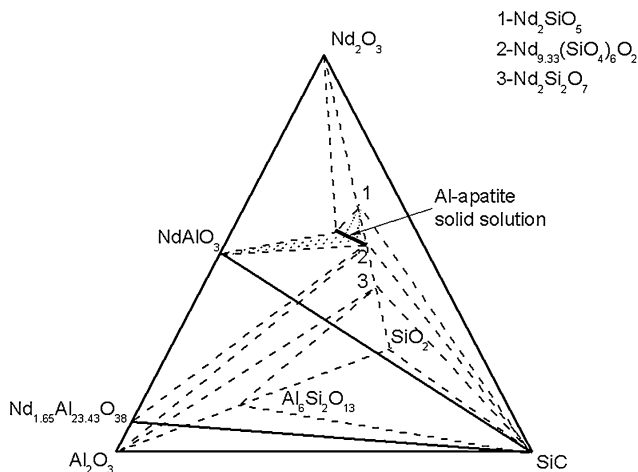

Fig. 10 Tentative phase diagram of the $\text{SiC-Al}_2\text{O}_3\text{-Nd}_2\text{O}_3\text{-SiO}_2$ (Si-Al-Nd-O-C) quaternary system at 1250 °C
