Other Meetings of Note

International Conference on Solid-Solid Phase Transformations in Inorganic Materials (PTM 2015)

June 28–July 3, 2015
Whistler, British Columbia, Canada

Conference of Metallurgists (COM 2015)

August 23–26, 2015
Toronto, Ontario, Canada

Simulation of Additive Manufacturing Technologies

August 24–28, 2015
Louisville, Kentucky, USA

Liquid Metal Processing and Casting (LMPC) 2015

September 20–24, 2015
Leoben, Austria

Materials Science & Technology 2015 (MS&T15)

October 4–8, 2015
Columbus, Ohio, USA

OTC Brasil

October 27–29, 2015
Rio de Janeiro, Brazil

Anode Technology for the Aluminum Industry

October 31–November 5, 2015
Dubai, United Arab Emirates

The 1st TMS Summit on Integrated Manufacturing and Materials Innovations

November 15–18, 2015
Pittsburgh, Pennsylvania, USA

OTC Asia 2016

March 22–25, 2016
Kuala Lumpur, Malaysia

Thermec 2016

May 29–June 3, 2016
Graz, Austria

THE 13TH WORLD CONFERENCE
ON TITANIUM 2015

August 16–20, 2015

San Diego, California, USA

Registration Deadline: June 30, 2015

- Register before June 30 to save as much as \$100 off the standard registration rate.
- Plan to attend one of the two short courses planned in conjunction with this conference: “Titanium and Titanium Alloys: Attributes, History, Metallurgy Processing, and Case Studies,” or “Practical Implementation of Microstructure Databases.”

TMS Professional Engineer Licensing Exam Preparation Course

August 20–22, 2015

Warrendale, Pennsylvania, USA

Registration Deadline: July 20, 2015

- This three-day course is designed to prepare those taking the Metallurgical and Materials Engineering Professional Engineering (PE) Licensing Exam and incorporates the new exam specifications.
- The course will address a variety of approaches and methodologies, including design, analysis, application, and operations.

CDSM 2015

August 17–20, 2015

Shenyang, China

Early Registration Deadline: June 30, 2015

- Hotel reservations may be made directly with the hotel by phone or online. For more information on local hotels, select the “Accommodation” link on the conference website at www.cds2015.com.
- CDSM 2015 will bring together leading scientists from computational materials design to exchange ideas, stimulate discussion, communicate the latest programs, and outline future directions for the field.

TMS2016

145th Annual Meeting & Exhibition

February 14–18, 2016

Nashville, Tennessee, USA

Abstract deadline: July 1, 2015

- TMS2016 includes the next installment of the REWAS symposium, which will cover recycling and sustainability.
- Submit an abstract today for inclusion as an oral or poster presentation.

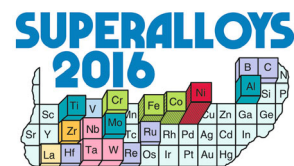

May 22–26, 2016

Seattle, Washington, USA

Abstract deadline: September 11, 2015

- This conference will address both core technologies in the field of extractive metallurgy and the development of novel materials and processes for use at high temperatures.
- Conference organizers include: Ramana Reddy (Chair), University of Alabama, Tuscaloosa; Pinakin Chaubal (Co-Chair), ArcelorMittal USA; P. Chris Pistorius (Co-Chair), Carnegie Mellon University; and Uday Pal (Co-Chair) Boston University.

September 11–15, 2016

Seven Springs, Pennsylvania, USA

Abstract deadline: August 18, 2015

- The symposium highlights collaborative development among researchers, producers, and users to deploy advances in superalloy technology that have a direct impact on industrial applications and economies.
- Extended abstracts (maximum of 1,500 words) are required for this symposium. Sample abstracts from Superalloys 2008 can be found online at www.tms.org/Superalloys2016.
