Erratum to: J Gastrointest Canc
DOI 10.1007/s12029-016-9877-6

The original version of this article unfortunately contained a mistake. The age of the patient in the first sentence of the first paragraph under the Case Summary section was incorrectly mentioned as 2 years, which is actually 25 years. The sentence should read:

A 25-year-old gentleman with no known medical comorbidities presented to his primary physician with complaints of right hypochondriac pain of 2 months duration.

The original article was corrected.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s12029-016-9877-6>.
