

ASNC ANNOUNCEMENT

ASNC is pleased to announce the publication of “Combined Pharmacologic and Low-Level Exercise Stress Protocols for Radionuclide Myocardial Perfusion Images”. This clinical update describes the benefits of combining vasodilator stress agents with low workload exercise in patients unable to exercise to an adequate

workload. This document is now available on the Web site of the *Journal of Nuclear Cardiology* at www.onlinejnc.com.

Publication of this document was made possible by the corporate support of Astellas Pharma US, Inc., Cardinal Health, and Covidien.
