**Erratum to: Probiotics & Antimicro. Prot.**  
**DOI:10.1007/s12602-016-9250-x**

The original version of this article contained mistakes and the authors are hereby publishing this erratum.

The author realized that the icon pattern of legend of Figs. 2 and 3 does not match to figures pattern. The correct legends are as follows:

Fig. 2 Effects of probiotics on the levels of mercury in feces and tissues of rat at day 24 (a) and 48 (b). Control (☐), Mercury (▨), Mercury + *B. coagulans* (▩), Mercury + *L. plantarum* (▧). All results are expressed

as mean ± SD of three rats in each group. The different letters indicate statistically significant differences between groups ( $P < 0.05$ )

Fig. 3 Effects of mercury and probiotics on bacterial population of stool, (a) total count, (b) Anaerobe count, (c) LAB count, (d) *L. plantarum* count, (e) *B. coagulans* count). Control (☐), *L. plantarum* treatment (▨), *B. coagulans* treatment (▩), Mercury treatment (▧), Mercury + *B. coagulans* treatment (▦), Mercury + *L. plantarum* treatment (▧). All results are expressed as mean ± SD of three rats in each group. The different letters indicate statistically significant differences between groups in each day ( $P < 0.05$ )
