Owing to an oversight by the authors, the following information was omitted from this article:

Funding Development of the ^{18}F -choline PET/CT imaging procedure described in this report was supported by U.S. National Institutes of Health National Cancer Institute grant R21CA139687-2. The Queen's Medical Center also received payments from Bayer Healthcare Pharmaceuticals, Inc. to evaluate this procedure in patients receiving radium-223 dichloride.
