Due to an unfortunate turn of events, an error was introduced in the caption of the y-axis of Fig 2. The correct image

and its caption are published here and should be treated as definitive by the reader.

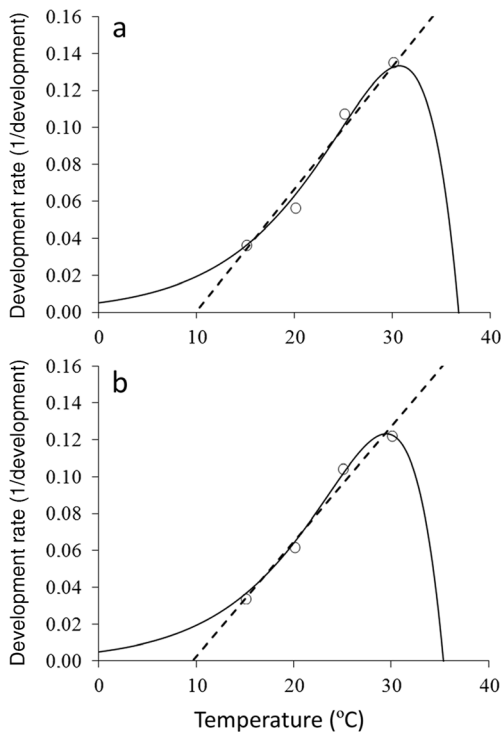

Fig 2 Curve fitting of the linear model (*dashed line*) and the nonlinear model (*solid line*) was used to describe the relationship between temperature and development rate of *Trichogramma pretiosum* (a) and *Trichogramma atopovirilia* (b) on eggs of *Plutella xylostella*. Empty circles are observed values.
