The article Midazolam oral solution (Ozalin[®]): a profile of its use for procedural sedation or premedication before anaesthesia in children, written by Katherine A. Lyseng-Williamson, was originally published Online First without open access. After publication in volume 35, issue 6, pages 255–262, Primex Pharmaceuticals AG requested that the article be Open Choice to make the article an open access publication. Post-publication open access was funded by Primex Pharmaceuticals AG. The article is forthwith distributed under the terms of the Creative Commons Attribution-NonCommercial 4.0 International License (<http://creativecommons.org/licenses/by-nc/4.0/>), which permits any noncommercial use, duplication, adaptation, distribution and reproduction in any medium or format, as long as you give appropriate credit to the original author(s) and the source, provide a link to the Creative Commons license and indicate if changes were made.

The original article has been corrected.
