After publication of the article we noticed that equations number 24 and 25 missed a convolution sign.

They should be

$$o(x, y, z)_j = i(x, y, z)_j \otimes s(x, y, z)_j + \sum_{k \neq j} i(x, y, z)_k \otimes s(x, y, z)_k + n(x, y, z) \quad (24)$$

$$o(x, y, z)_j = i(x, y, z)_j \otimes s(x, y, z)_j + n(x, y, z) \quad (25)$$

Furthermore Fig. 7 is incorrect, please find the correct Fig. 7 here:
