The article “Effect of the Simulation Box Size and Precipitant Concentration on the Behavior of Tetragonal Lysozyme Dimer”, written by Yu. V. Kordonskaya, V. I. Timofeev, Yu. A. Dyakova, M. A. Marchenkova, Yu. V. Pisarevsky, and M. V. Kovalchuk, was originally published electronically in Springer-Link on 25 May 2021 without Open Access. After publication in volume 66, issue 3, pages 525–528 the authors decided to make the article an Open Access publication. Therefore, the copyright of the article has been changed to © The Author(s) 2021 and the article is

forthwith distributed under the terms of a Creative Commons Attribution 4.0 International License (<http://creativecommons.org/licenses/by/4.0/>, CC BY), which permits use, duplication, adaptation, distribution and reproduction of a work in any medium or format, as long as you cite the original author(s) and publication source, provide a link to the Creative Commons license, and indicate if changes were made.
