The term “slow surface” everywhere means “slowness surface.”

Misprints in equations:

Eq. (8): $2\kappa\delta$ must be replaced by $2\kappa\delta v$.

Eq. (21): $= (L_1^s s_2 / L_2^s s_4)^2$ should read $= (L_1^n s_2 / L_2^n s_4)^2$

The line under Eq. (22): $c_{ijkl} m_l / A_{\alpha k}$ should read $c_{ijkl} m_l A_{\alpha k}$.
