The expression of $\mathcal{H}_{gg \leftarrow gq}^{H(2)}$ in Eq. (23) contains two mistyped signs. The typos are in the sixth line, where the second term,

$$+\frac{1}{24z} \left((1 + (1+z)^2)(3 \ln^2 z - \pi^2) - 6z^2 \ln z \right) \ln(1+z),$$

has to be replaced by the following correct expression:

$$-\frac{1}{24z} \left((1 + (1+z)^2)(3 \ln^2 z + \pi^2) - 6z^2 \ln z \right) \ln(1+z).$$
