Correction to: Out-of-Phase Imaging after Optical Modulation (OPIOM) for Multiplexed Fluorescence Imaging Under Adverse Optical Conditions

Raja Chouket, Ruikang Zhang, Agnès Pellissier-Tanon, Annie Lemarchand, Agathe Espagne, Thomas Le Saux, and Ludovic Jullien

Correction to:

Chapter 13 in: Eli Zamir (ed.), *Multiplexed Imaging: Methods and Protocols*, Methods in Molecular Biology, vol. 2350, <https://doi.org/10.1007/978-1-0716-1593-5>

The chapter was inadvertently published with a typo error in the Table 13.2 for the line “ffDronpa”, molar extinction coefficient as “11 000 M⁻¹cm⁻¹” instead of “105 000 M⁻¹cm⁻¹”.

The correction has been incorporated by changing the molar extinction coefficient from “11 000 M⁻¹cm⁻¹” to “105 000 M⁻¹cm⁻¹”.

The updated online version of this chapter can be found at https://doi.org/10.1007/978-1-0716-1593-5_13
