The publisher regrets the error published in chapter 5, page 99, in the print and online versions of this book. The correct equations for 5.11 and 5.12 are given below.

$$k_1 = -1 + \frac{2(f'_1 - b)}{m^2(f' - b)}, \quad (5.11)$$

$$k_2 = -\left(\frac{m-1}{m+1}\right)^2 - \frac{2f'(m-1)}{(m+1)^3(f' - b)}. \quad (5.12)$$

The online version of the updated chapter can be found at
