Correction to: Experimental Nerve Plexus Root Avulsion and Spinal Cord Implantation

Thomas Carlstedt and Mårten Risling

Correction to:
Chapter 11 in : Mårten Risling and Johan Davidsson (eds.),
***Animal Models of Neurotrauma, Neuromethods*, vol. 149,**
https://doi.org/10.1007/978-1-4939-9711-4_11

This book was inadvertently published without including the following reference:

“Hendriks WTJ, Eggers R, Carlstedt TP, Zaldumbide A. et al. (2007) Lentiviral vector-mediated report gene expression in avulsed spinal ventral root is short-termed, but prolonged using an immune “stealth” transgene. *Restor Neurol Neurosci* 25:585–599”.

It has now been inserted as reference 5 and cited in the text at the end of Figure 1 as follows:

“Sequence of photos taken during spinal nerve root dissection. In the last two photos the tips of the severed roots were stained before implantation (see Ref. [5]).”

The updated online version of this chapter can be found at
