Correction to: The Heterogeneity of Cancer Metabolism

Anne Le

Correction to:

**A. Le (ed.), *The Heterogeneity of Cancer Metabolism*,
Advances in Experimental Medicine and Biology 1311
<https://doi.org/10.1007/978-3-030-65768-0>**

After initial publication of the book, various errors were identified that needed correction. All corrections listed below have been updated within the current version.

Chapter 1:

1. Figure 2 was missing the icons for colon and pancreas. The correct figure has been updated.

Chapter 6:

1. P.92: In the 2nd paragraph of section 2, the word “is” has been added between the words “fibroblasts” and “associated” (that is, “fibroblasts associated” to “fibroblasts is associated”).
2. P.98: The tumor image in figure 3 was having white background. This figure has been updated to have the tumor match with the background color.

Chapter 7:

1. P.108: In section 3.3, the word “redox-homeostasis” has been updated to “redox homeostasis” (that is, “redox-homeostasis and biosynthesis.” to “redox homeostasis and biosynthesis.”)

Chapter 12:

1. P.170: In the 2nd paragraph of the Conclusion section, a comma has been added to the sentence (that is, “Thus CSCs” to “Thus, CSCs”).

The updated online version of these chapters can be found at:

https://doi.org/10.1007/978-3-030-65768-0_1

https://doi.org/10.1007/978-3-030-65768-0_18

Chapter 17:

1. P.230: In the Introduction section, the word “metabolisms” has been changed to “metabolism” (that is, “including metabolisms of glutamine” to “including metabolism of glutamine”).

Chapter 18:

1. P.253: In section 2.3, in the sentence “The inhibition of GLS1 expression has...” the word “researches” has been updated to “research”.
