Correction to: Co-evolutionary Dynamics of the Development of Connection for Policy Conflict Resolution by Policy Actors Across Advocacy Coalitions and Their Media Attention-Seeking Strategies in Environmental Governance

Correction to:

Chapter 5 in: S. Lim, *Policy Network Ties in the Dynamic Process of Environmental Conflict Resolution*, Environment & Policy 60, https://doi.org/10.1007/978-3-030-70855-9_5

Originally published Fig. 5.1 had errors and the table lines were missing. These have now been rectified and updated.

The updated online version of the chapter can be found at
https://doi.org/10.1007/978-3-030-70855-9_5

Notes

- : Greater media attention-seeking
- : Lower media attention-seeking
- a — b : a and b forge a link for conflict resolution

Fig. 5.1 Two main competing mechanisms: social selection vs. contagion/influence
