In the original version of chapter 8, the equation in page 151 was incorrectly captured. It should read as follows:

$$(V - V_s)f_0 = V f_s$$

In the original version of chapter 11, the equation for the % error in page 203 was incorrectly captured. It should read as follows:

$$\% \text{ error} = \frac{\left| \left[\text{Measured Volume (actual)} - \text{Estimated Volume (sound)} \right] \right|}{\text{Measured Volume (actual)}} \times 100$$
