Erratum to: Overview of High Tibial Osteotomy and Optimization of the Correction Angle

Zahra Trad, Abdelwahed Barkaoui, Moez Chafra and João Manuel R. S. Tavares

Erratum to:
Chapter 3 in: Z. Trad et al., *FEM Analysis of the Human Knee Joint*, SpringerBriefs in Applied Sciences and Technology,
https://doi.org/10.1007/978-3-319-74158-1_3

In the original version of the book, the belated corrections from author have to be incorporated in Chap. 3:

In Table 3.1, the citation “Valentini et al.” has to be corrected as “Valenti et al.”, and the values 4–9, 8–14 and 2–4 have to be changed as 4.2, 8–15 and 5, respectively.

The sentence “In their work, ... in the group with an angle less than 4°.” has to be replaced with “In their work, ...in the group with an average mechanical valgus of 5°, which can be quite effective at the follow-up for at least ten years.”

The erratum chapter and the book have been updated with the changes.

The updated original online version for this chapter can be found at https://doi.org/10.1007/978-3-319-74158-1_3
